A FRANSALIAN INSTITUTE OF HIGHER LEARNING

DEPT. OF SCIENCE

MSc Psychology

PO-PSO-CO

Program Specific Outcome (PSO):

Program Specific Outcome 1 (PSO1): MSc Psychology program has been designed to equip students with theoretical aspects of Psychology. The program builds knowledge about theories and its application in the real world with real cases.

Program Specific Outcome 2 (PSO2): MSc Psychology enriches students with research work. Research methodologies, its application and contribution to the society is learnt through the program.

Program Specific Outcome 3 (PSO3): The program builds Analytical Skills, Moral Responsibility, Social Policing and Ethical values.

Program Specific Outcome 4 (PSO4): MSc Psychology program inculcates higher order thinking, creativity, decision making and problem-solving abilities.

Program Specific Outcome 5 (PSO5): MSc Psychology program focuses on value-based education. Humanitarian approach, mental health awareness is focused through building Civic Sense among students for Healthier Society.

COURSE PLAN (CO)

IV SEMESTER

Name of the Course: Rehabilitation Psychology

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Understanding nature, goals, and principles of rehabilitation psychology.	PSO- 1, 2	R, U
CO2	Gaining knowledge about different types of disabilities, causes and prevention of disabilities.	PSO- 3, 4	U, E
CO3	Knowing the personality development of disabled persons and gaining knowledge about interventions.	PSO- 3, 4	U, Ap, E
CO4	Having in-depth knowledge about psychological interventions for disabled persons.	PSO- 3, 4	U, Ap, E
CO5	Awareness about evolution, background and capacity building of non-governmental organizations.	PSO- 3, 4	U, Ap, E

Name of the Course: Social and Community Psychology

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Understanding basic concepts, principles, research in social and community psychology.	PSO- 1, 2	R, U
CO2	Understanding aggression as emotion and its impact on people.	PSO- 3, 4	U, E
CO3	In-depth knowledge about effect of crime, alcoholism and	PSO- 3, 4	U, Ap, E

	gender role in society.		
CO4	Understanding unemployment, poverty and its effect on society.	PSO- 3, 4	Ap, E
CO5	Importance and impact of social change. Basic knowledge about law and psychology.	PSO- 3, 4	Ap, E

Name of the Course: Adult psychopathology

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Understanding the clinical features and diagnostic criteria of organic disorders with special reference to ICD 11.	PSO- 1, 4	R, U
CO2	Understanding the clinical features and diagnostic criteria of schizophrenic disorders with special reference to ICD 11.	PSO- 1, 4	U, E
CO3	Understanding the clinical features and diagnostic criteria of mood disorders with special reference to ICD 11. .	PSO- 1, 4	U, Ap, E
CO4	Understanding the clinical features and diagnostic criteria of neurotic, stress related and somatoform disorders with special reference to ICD 11. .	PSO- 1, 4	U, Ap, E
CO5	Understanding the clinical features and diagnostic criteria of disorders of substance use and personality with special reference to ICD 11.	PSO- 1, 4	U, Ap, E

Name of the Course: Psychological therapies and interventions

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Introduction to interventions and therapies, goals, professional	PSO- 1, 4	R, U

	issues, psychotherapy in India		
CO2	Insight into the psychoanalytic therapies and its current status.	PSO- 1, 4	U, E
CO3	Learning about humanistic and existential therapies and its applications.	PSO- 1, 4	U, Ap, E
CO4	Learning about behaviour therapy, cognitive behaviour therapy and its applications. .	PSO- 1, 4	U, Ap, E
CO5	Insight into community-based interventions.	PSO- 1, 4, 5	U, Ap, E

III SEMESTER

Name of the Course: Positive Psychology

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Learning about the introduction, scope, history, various perspectives and recent trends in positive psychology. .	PSO- 1, 2	R, U
CO2	Understanding positive emotions, happiness and well-being.	PSO- 3, 4	U, Ap, An
CO3	Gaining knowledge about close relationships and self-related concepts.	PSO- 3, 4, 5	U, Ap, E
CO4	Understanding religion and spirituality and its role in well-being, insight about character strengths.	PSO- 1, 3, 4	U, Ap, E
CO5	Developing insights about resilience and interpersonal character strengths.	PSO- 3, 4, 5	U, E

Name of the Course: Clinical psychology and Assessments

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Gaining knowledge about the nature, history, professional issues, ethical standards in clinical psychology and models of psychopathology.	PSO- 1, 2, 3,5	R, U,Ap
CO2	Understanding psychological assessments and psychological reports.	PSO- 1, 4	R, U, Ap
CO3	Developing insights about the nature, techniques, merits and demerits of types of assessments and tests in clinical practice.	PSO- 1,2, 3,	R, U, Ap
CO4	Gaining knowledge about personality and intelligence assessments for adults.	PSO- 1, 3, 5	R, U, E
CO5	Understanding about assessments in infants and children and orientation about children with special needs.	PSO- 1,3, 4	R, U, E

Name of the Course: Developmental psychopathology

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Gaining an overview of developmental psychopathology.	PSO- 1, 2, 5	R, U,Ap
CO2	Learning about the clinical features and diagnostic criteria for Mental retardation and disorders of psychological development.	PSO- 3, 4	U, Ap, E
CO3	Gaining knowledge about the clinical features and diagnostic criteria for emotional and behavioural disorders of childhood and adolescence.	PSO- 1, 3	Ap, E, C
CO4	Learning about the disorders of social functioning, tic disorders and other disorders occurring during childhood and adolescence.	PSO- 1,3	U, E
CO5	Understanding the special areas with respect to developmental psychopathology.	PSO- 1, 3, 4	U, Ap, E

Name of the Course: Open Elective: Psychology for life

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Introducing students to basic concepts of psychology.	PSO- 3, 4	R, U
CO2	Importance of learning and memory.	PSO- 3, 4	U, E
CO3	Application of psychology to the social world.	PSO- 3, 4,5	U, E, C
CO4	Application of psychology in the field of work and health.	PSO- 3, 4	Ap, An, E

II SEMESTER

Name of the Course: Personality Psychology

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Awareness about the nature, approaches, measurement and models of personality.	PSO- 1, 4	R, U
CO2	Understanding personality in the social and cultural context through approaches.	PSO- 1, 3, 5	R, U, Ap
CO3	Gaining knowledge about personality development in students and influencing factors in educational context.	PSO- 3,4,5	Ap, An, E
CO4	Learning personnel selection and personality in work context.	PSO- 3, 4	Ap, An, E
CO5	Understanding criminal psychology, criminal personality and personality modification in criminal justice system.	PSO- 1, 3, 4,5	U, E, C

Name of the Course: Counselling and Guidance

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Understanding basic concepts of counselling and guidance.	PSO- 1, 2	U, E, Ap
CO2	Knowledge about the role of a counsellor as a person and a professional.	PSO- 3, 4, 5	U, E, Ap
CO3	Knowledge about the various approaches to counselling.	PSO- 1, 4	R, U, Ap
CO4	In-depth knowledge about counselling process.	PSO- 1, 3	Ap, An
CO5	Learning different areas and trends in counselling and its applications.	PSO- 3, 4	Ap, An

Name of the Course: Cognitive Psychology

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Learning basic concepts, emergence and current research of cognitive psychology. Learn about the process of human information processing.	PSO- 1,2, 4	R, U
CO2	Learning the basics of sensation, perception, attention and consciousness.	PSO- 1, 4	U, Ap, An
CO3	Learning about memory and language.	PSO- 3, 4	Ap, An, E
CO4	Knowledge about thinking, reasoning, problem solving and creativity.	PSO- 2, 4	Ap, An, E
CO5	Enriching knowledge about cognitive neuroscience.	PSO- 2, 3, 5	U, E, C

Name of the Course: Qualitative Research Methods

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
-----------	---	-----------------------	------------------------

CO1	Knowledge of basic principles, characteristics, process and ethics of qualitative research.	PSO- 1, 2, 3	R, U, E
CO2	Understanding the different paradigms and theoretical positions in qualitative research.	PSO- 1, 2, 4	U, E
CO3	Understanding the strategies of inquiry in qualitative research.	PSO- 1, 2, 4	U, E
CO4	Learning the methods of qualitative research data collection and analysis.	PSO- 1, 2, 4	U, E
CO5	Knowledge about qualitative data collection, computer application in qualitative research and ethical issues.	PSO- 1, 3, 5	U, E

Name of the Course: Soft Core: Theories of Learning

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Gaining knowledge about the nature, laws, problems of learning theories and applications of learning research.	PSO- 1, 2, 4	R, U
CO2	Adding to the knowledge of S-R theories.	PSO- 3, 4	U, Ap
CO3	Knowledge about drive reduction theories.	PSO- 3, 4	U, Ap
CO4	Understanding the importance of cognitive theories.	PSO- 1, 3	U, Ap

I SEMESTER

Name of the Course: Theoretical Perspectives of Psychology

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Understanding human behaviour based on Freudian and neo-Freudian perspectives.	PSO – 1,2,3	R, U, Ap

CO2	Understanding functioning of human behaviour based on behaviouristic perspective.	PSO – 1,2,3	U, An, E
CO3	Enriching students with functioning of human personality through humanistic and existential perspectives.	PSO -1,2,3	U, An, E
CO4	Learning cognitive and social perspectives for better understanding of theoretical perspectives.	PSO -1,2,3	U, An, E
CO5	Application and practice of principles of cultural perspective.	PSO -3,4,5	R, U, Ap

Name of the Course: Indigenous Psychology

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Understanding the Indigenous perspective.	PSO- 1, 2	U, R
CO2	Learning concepts of Hinduistic perspective and Jain Perspectives.	PSO- 3, 4	R, Ap, An, E
CO3	Learning Buddhistic perspective in personality development.	PSO- 3, 4	R, Ap, An, E
CO4	Learning importance of Yoga, practicing and benefits of Yoga.	PSO- 1, 2, 4,5	R, Ap, E
CO5	Different types of alternative healing techniques, application.	PSO-1,2,4,5	U, Ap, An

Name of the Course: Biopsychology

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Increasing knowledge about brain dynamics.	PSO- 1, 3	R, U
CO2	Enriching knowledge about neuro psychology.	PSO- 1, 2	U, Ap, An

CO3	Gaining knowledge about behavioural genetics and development in research and application of genetic engineering.	PSO- 2, 3, 5	U, Ap
CO4	Implication of evolutionary perspectives.	PSO- 1, 3	U, Ap, E
CO5	Gaining knowledge about principles, classifications of psychopharmacology. Awareness about the Adverse effects and ethical issues.	PSO- 1, 2, 3, 5	R, U, Ap

Name of the Course: Quantitative Research methods and Psychometry

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Learning basic concepts of research work, steps involved in research process, identifying problems in research and ethical issues.	PSO- 1, 2, 5	U, Ap
CO2	Knowledge about variables, probability and hypothesis testing.	PSO- 2, 3	R, U, E
CO3	Adding to the knowledge about sampling and data collection.	PSO- 2, 3	U, Ap, An
CO4	Enhancing knowledge about research designs and applications.	PSO- 2, 3, 4	U, Ap, E
CO5	Importance of research writing and learning the format for research writing and APA format.	PSO- 2, 3	U, Ap, An, E

Name of the Course: Statistics in Psychology

CO	Course Outcome <i>The learner will be able to</i>	PSOs Addressed	Cognitive Level
CO1	Importance of Statistics and knowledge about basic ideas.	PSO- 1	R, U, Ap
CO2	Application of concepts.	PSO- 1	U, E
CO3	Learning manual calculation of test to identify the differences.	PSO- 2, 3	Ap, An

CO4	Learning manual calculation of tests to identify the relationship.	PSO- 2, 3	Ap, An
CO5	Understanding the higher level of statistical calculation.	PSO-2, 3	Ap, An, E
