Qualities of an effective teacher. - What makes a good teacher? Session - II

Our principal take initiatives for overall development of faculty members and gave a orientation to inculcate qualities of faculty that is hidden in ourselves. He gave an one hour session that enriched us in the areas which we fail to implement in class room teaching in due course of our daily schedule .More over it is essential for a teacher to prove them the knowledge sharing should be updated as per the need of the student community.. This session was focusing on imparting knowledge along its application in practical. He shared many interesting real time experiences with us and that added more value for the session.
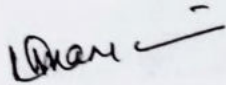

Desalite

The session enriched and enhanced us in all the possible ways to become an effective teacher in the class.
