# PRINCIPAL'S MESSAGE

At St. Francis de Sales College, we believe that every day is a new chapter in the journey of holistic education, a time to reflect, renew, and rededicate ourselves to our mission of Excellence, Efficiency and Transformation. The months from January to December, 2025, have witnessed vibrant academic pursuits, meaningful community engagements, and dynamic co-curricular accomplishments by our students and faculty.

The year has been particularly remarkable, marked by a rich tapestry of programmes spanning cultural celebrations, academic excellence, sports achievements, placement successes, and impactful outreach initiatives at various levels.

We are delighted to welcome new faculty members who have joined us from different parts of India and abroad, bringing with them diverse perspectives, rich experiences, and renewed energy to our academic community. Students coming from diverse groups across India enrich our community with their varied cultural perspectives and experiences. Whether engaging in rigorous academic discourse, expressing creativity in cultural programs, competing on sports fields, or serving communities through outreach initiatives, our students consistently earned prestigious honours for our institution.

We are especially proud of two fruitful international collaborations that have opened new horizons for our institution: our partnerships with the United Board for Christian Higher Education and UNIVERSITATE. These collaborations underscore our commitment to global engagement and excellence in Higher education.

As we move ahead, let us continue to foster a culture of growth where every Desalite is inspired to lead with purpose, grounded in values, and driven by compassion. May we remain rooted in our vision to form citizens of character who uplift others and bring light into the world.

## VICE PRINCIPAL'S MESSAGE

This newsletter highlights the journey of St. Francis de Sales College over the year. As a new member here, I have come to understand that at St. Francis de Sales, we are passionate about cultivating top leaders both locally and globally. When guiding young minds, we believe that self-leadership is the foundation. If you haven't mastered leading yourself, it's difficult to inspire and lead others effectively. As leaders, it's our joy and responsibility to foster growth in both character and competence within ourselves and our teams.

This journey begins with a genuine commitment to self-awareness and a desire for continuous development. Regular self-reflection, welcoming feedback, and actively seeking new opportunities are excellent steps to grow. Good leadership often depends on a healthy balance between character and competence. While skills—such as knowledge and abilities in your area—are vital, character—encompassing our morals, values, and integrity—serves as the ethical compass guiding us. On behalf of management, I would like to thank all the Desalites—Students, Faculty, and non-teaching staff members—who are engaged in the transformation process.

May God bless all of us.

**Rev. Dr. Shibu Jacob Thundathil, MSFS**
